

Academy of Excellence
FAITH • FAMILY • FUTURE

To whom it may concern,

I am submitting this letter on behalf of the Academy of Excellence, Milwaukee. A Data Errata letter is necessary for our 2021-2022 Graduation Data as well as our 2022-2023 all school data for the December snapshot. We are working to fix all data errors for student enrollment and attendance. I have spoken with Carrie Bow, DPI discussing these errors and will continue until data errors are resolved.

We are taking necessary steps to be sure this does not happen in the future,

With Regard,

Whitney Mondragon
